**April 21, 2011**

Harold Smith, President, Currie Rose Resources Inc., reports that Trueclaim Exploration Inc. has completed its earn-in of a 51-per-cent working interest in the Scadding gold property northeast of Sudbury, Ontario.

Trueclaim can increase its interest in the Property from 51% to 100% by paying Currie Rose the amount of \$2,000,000 in cash on or before commencement of commercial production on the Property. The Property is subject to 3% net smelter return royalty.

Trueclaim advises it is continuing its 8,000 metre diamond drilling program on the Property and expects to announce another tranche of assay results early next week. Trueclaim is happy with the progress being made and the enhanced understanding of the potential for mineralization being obtained from this program. SRK Consultants (Canada) Inc. is working with the Company's geological team to plan orientation and delineation drilling to assist the preparation of an NI43-101 compliant mineral resource.
