NEWS RELEASE

Trading Symbol: TSXV – CUI
OTC – CUIRF
Frankfurt – CDVN

May 11, 2016

The Company announced on May 14, 2013, the terms of an agreement to sell the Mabale Hills project to a private company known as Simba Resources Ltd (Simba) for \$80,000US, which has been paid to the Company, and 2,100,000 common shares of Simba. This sale was closed in January 2015, and the purchaser evolved into a public company known as Tanga Resources Limited with a 2 for 1 share exchange. The Company then owned 4,200,000 shares of Tanga Resources Limited. The Company retains a 2% NSR from any mineral production from the Mabale Hills claims.

The Company has sold the 4,200,000 shares for net proceeds of \$381,898 Canadian Dollars.

BY ORDER OF THE BOARD OF DIRECTORS OF
CURRIE ROSE RESOURCES INC.

“Harold Smith”

Harold Smith
Chief Executive Officer

The planning, execution and monitoring of quality control programs on the Company’s projects are under the supervision of Michael Griffiths, BSc Dip Ed, FAusIMM, GAICD, Currie’s President. Mr. Griffiths is the qualified persons as defined by National Instrument 43-101. Currie utilizes an industry standard QA/QC protocol with respect to sampling procedures. Blanks, and certified reference standards are inserted into the sample stream to monitor laboratory performance and duplicates of pulps and bulk rejects are also used to monitor laboratory performance. Mr Griffiths has reviewed and approved the contents of this news release.

Neither the TSX Venture Exchange nor its regulation services provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

“This news release includes certain forward-looking statements or information. All statements other than statements of historical fact included in this release, including, without limitation, statements relating to the potential mineralization and geological merits of the and properties and other future plans, objectives or expectations of the Company are forward-looking statements that involve various risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company’s plans or expectations include risks relating to the actual results of current exploration activities, fluctuating gold prices, possibility of equipment breakdowns and delays, exploration cost overruns, availability of capital and financing, general economic, market or business conditions, regulatory changes, timeliness of government or regulatory approvals and other risks detailed herein and from time to time in the filings made by the Company with securities regulators. The Company expressly

disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise except as otherwise required by applicable securities legislation.”
